

Pile Sufferers! Clever Ohio Chemist Says This Great Prescription Taken Internally Has Never Failed

Even chronic cases of 20 to 30 years' standing, with profuse bleeding, have been completely cured in from three to ten days.

No discovery of recent years in the field of medicine has caused such a stir amongst the medical profession as the recent discovery that piles can be successfully treated and cured at home by a wonderful prescription known to the chemist as Miro Pile Remedy. It has been proved that so-called external remedies applied or inserted into the rectum cannot cure piles and at the best only give temporary relief. This is also true of surgical operations which simply remove them after formation, but in no wise acts on the source of the trouble.

DANIELSON AND PUTNAM NEWS

DANIELSON

There was dancing at Wildwood park Thursday evening, many attending from Danielson. Stores were closed here Thursday afternoon for the third half holiday of the summer season.

Miss Ellen Horton, who has been engaged in camp community service at Camp Upton, has returned to her home in Danielson.

Many Danielson people were at East Killingly Thursday for the annual church picnic and shore dinner. The occasion is each year a sort of Old Home day.

The closing of the fast freight service by trolley between Danielson and Providence has added burdens to the lot of the New Haven road employees here for they are now handling what formerly went over the line that is closed.

On Thursday afternoon no announcements relative to the New Haven road running extra passenger trains next Saturday afternoon and evening had been received here.

There is joyous news for the taxpayer of Killingly in a paragraph appearing in the State Register and Manual for 1919. This official publication tells the world that the tax here is 1-2 mills, almost low enough to please those who don't pay a nickel's worth of taxes now, but spend twice the time and money and use considerable paper telling just how the town's taxing should be done.

Philip Rogers, only winner in eastern Connecticut of the distinguished service cross, is before long, it is expected, to receive this mark of very special honor. War department authorities have been in communication with him and the letter indicates that the cross will be made an occasion of ceremonial nature, as befits the great deed of valor that on his distinction.

It was year ago this month that Private Rogers, member of a machine gun battalion, attached to the famous Yankee division, went into the hell of fire at Belleau wood as a volunteer carrier of wounded from where they had fallen in the thick of the fighting to a place of safety.

Only the bravest of the brave volunteered for this work, most of them to fail subsequently with the comrades they were trying to save.

Private Rogers himself lost his eye while engaged in this highly perilous work of rescue, but in spite of this he carried on, until he staggered from weakness and the blood that was oozing from his wound blinded him. He had traveled back and forth over ground that was swept by a hurricane of fire in carrying out the work for which he had volunteered, and his heroism was of such extraordinary nature as to win a magnificent citation from General Pershing.

This soldier, who returned home so proud, went through hospital after hospital in France before being invalided back to the United States, and upon his arrival on this side was sent to a government hospital at Cape May, N. J., where he remained for some time before being mustered out of service.

It was this changing about that is responsible for the fact that he is not having been able previously to locate him, so for a year he has gone looking for him, and he is spending a good deal of time in this effort.

An effort will be made by his friends here to have the decoration made about the matter up to Thursday afternoon, business interests here were pressing for the day.

Have read word again on Saturday maintain the special train service furnished Saturday.

In the city there is very general favor toward the proposition, that will be passed upon at a special town meeting next week, that the town of Danielson make a contribution of \$100,000 to cover one-fourth of the cost of constructing a permanent highway in the town of Danielson.

The manner in which owners of private cars are cutting into the business of the regular public service men is a matter of public concern in and about the town.

Present is little less than what the man in the street would say is raw. And the worst of it is that the law is being violated in a flagrant manner.

PUTNAM

Glenn C. Sever, editor of the New England Woodstocker, was a visitor in Putnam Thursday, and called at the office of the Windham County Farm-ers' association. Wednesday evening Editor Sever addressed a group of East Woodstock people at the Community club on the evils of our drinking system. His appearance at East Woodstock was arranged through C. H. Williams of that town.

There is a possibility it was started here on Thursday, that Miss Charlotte Emblenton, home economics demonstrator in Windham county, may not resume her work here because of illness in her family.

Miss Emblenton's home is in Westfield, N. J., and she is now in that city.

A number from this city went to East Killingly Thursday to attend the annual church "shore" dinner and old home day gathering. The dinner was served under the direction of King George Jacques.

A Guernsey bull calf purchased some time ago by John Stronberg of Abington, a private effort being made to this county, to introduce thoroughbred cattle, died.

The animal has been replaced with another, equally as valuable, from the farm in Massachusetts whence the first calf came.

Business men and clerks smiled Thursday at noon, when they came out for their weekly half-holiday, and found that Old Sol was smiling and that the Thursday afternoon rain jinx evidently had been shaken off.

Mark H. Wilson, who has been in business on Front street for a number of years, stated Thursday that he is preparing to close his store and enter some other line of endeavor.

H. B. Watson, manager of the Farm Service bureau of the Second National bank, was a caller in this village Thursday.

Written County Agent B. W. Ellis, asking that his name be placed on the mailing list of the Connecticut Farmers' association's monthly news letter, a coup of which had come into his hands and which he praised.

While an announcement had been made about the matter up to Thursday afternoon, business interests here were pressing for the day.
